

Families in Focus Bulletin - Part 1

Information & Support for Families, Parent/Carers and Young People

Hello and welcome to the Information Bulletin from your locality Families in Focus team. **This bulletin contains information on citywide and East Central Services.**

The amount of information has grown so large that we have split the Bulletin into two parts and this is Part 1

Part 1 – Information and Support for Families, Parents/Carers and Young People

Part 2 – Information and Support for Practitioners

Please note that the information here is being shared by Families in Focus but if you require any further details you should contact the relevant organisation. All information is provided by the organisation and Families in Focus hold no responsibility for the contents. Bristol City Council does not endorse the organisations/activities and you should make your own checks to satisfy yourself on the quality of the services on offer. If you would like the information in a different language or format please contact the organisation/agency who will hopefully be able to help.

We cannot guarantee to include everything but will prioritise information on services or activities that practitioners will find useful in their organisation or to pass on to families.

IN BINS!**

Gourdon and Melonie are activist pumpkins on a mission!

Disturbed that so many of their fellow pumpkins end up in bins every Halloween, they are on a mission to change hearts and minds and improve human/vegetable relations for all time.

Armed with a hand-drawn powerpoint, a ukulele and a really terrible poem, they will not rest until you take the pumpkin pledge and vow never again to throw a pumpkin in the bin.

Ridiculous comedy for all the family, Pumpkins is a sketch that will make you rethink your relationship with squashes.

Home start Bristol

Home visiting

Our home-visiting service is part of what makes us special. We visit parents in their own home so that we can really get to know them and their families. We never judge a parent and are always compassionate and put the needs of families first. Our trained volunteers offer free, confidential support, friendship and practical help to parents who are going through challenging times and have at least one child under the age of 5 years.

To make a referral yourself or to point families to self-refer for home visiting or for one of our groups please see the website: <https://homestartbristol.org.uk/referrals/>

Mums in Mind

This is a peer support group for mums with children under 2 years who are feeling lonely, anxious, or like everything is getting on top of them. The Mums in Mind groups have been developed in partnership with Children's Centres across Bristol and are facilitated by a Home-Start paid and experienced worker and supported by volunteers. The groups run for 10 sessions and are by referral only, but parents can also self-refer. It's a chance to get together and talk with other mums in a safe space whilst joining in with activities, crafting, snacks etc.

The MIMs groups are running termly in 2 locations across Bristol - Hartcliffe and Lawrence Weston. The next sessions start again in September, dates TBC. Please get in touch if you would like more information or to make a referral.

Welfare Benefits changes, private renting and the benefit cap

In April 2024 working age people's welfare benefits, such as universal credit, increased by 6.7%.

Additionally, Local Housing Allowance (LHA) in Bristol rose significantly. LHA is the money paid through Universal Credit – and sometimes Housing Benefit - to help with the housing costs of people living in private rented accommodation.

Bedrooms	Weekly rate	Four weekly rate	Monthly rate
Shared room (single under 35 rate)	£117.68	£470.72	£509.95
1 bedroom	£207.12	£828.48	£897.52
2 bedrooms	£252.00	£1,008.00	£1,092.00
3 bedrooms	£299.18	£1,196.72	£1,296.45
4 bedrooms	£425.75	£1,703.00	£1,844.92

On the face of it, this appears to be a very good thing for low-income households, particularly those who are homeless, at risk of homelessness or struggling to pay their rent.

However, it is certain that many households will be benefit capped as a result. The worst hit will be families with dependent children, particularly those with several children and larger homes. For the first time, many single people will be benefit capped.

The benefit cap

The benefit cap affects working age people and their dependants e.g. children. The DWP has confirmed that the level of the benefit cap will not rise and will stay at the current rates.

Benefit cap levels	Per week £	Per month £
If you're in a couple	423.46	1,835
If you're a single parent and your children live with you	423.46	1,835
If you're a single adult	283.71	1,229.42

This means that all tenants who rent privately, who are wholly dependent on welfare benefits for their income and have dependent children or are aged 35+, living in properties let at the new LHA rates, will be subject to some benefit capping, unless they're exempt – see below. Single under 35s are unlikely to be affected.

It is really important for people working with with low income households who live in - or are being assisted to access – the private rented sector (PRS), to be fully aware that the new LHA rates can appear to make the PRS far more accessible and affordable BUT that benefit capping can create circumstances where living essentials (food, energy, clothing etc.) are not affordable.

We should all take note of how to maximise the chances of benefit cap exemptions. See: [Benefit cap: When you're not affected - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/benefit-cap-when-youre-not-affected):

The benefit cap - when you're not affected

You're not affected by the cap if you're over [State Pension age](#). If you're part of a couple and one of you is under State Pension age, the cap may apply.

You're not affected by the cap if you or your partner:

- get [Working Tax Credit](#) (even if the amount you get is £0)
- get Universal Credit because of a disability or health condition that stops you from working (this is called 'limited capability for work and work-related activity')
- get Universal Credit because you care for someone with a disability
- get Universal Credit and you and your partner earn £793 or more a month combined, after tax and National Insurance contributions

You're also not affected by the cap if you, your partner or any children under 18 living with you gets:

- Adult Disability Payment (ADP)
- Armed Forces Compensation Scheme
- Armed Forces Independence Payment
- Attendance Allowance
- Carer's Allowance
- Carer Support Payment
- Child Disability Payment
- Disability Living Allowance (DLA)
- Employment and Support Allowance (if you get the support component)
- Guardian's Allowance
- Industrial Injuries Benefits (and equivalent payments as part of a War Disablement Pension or the Armed Forces Compensation Scheme)
- Personal Independence Payment (PIP)
- War pensions
- War Widow's or War Widower's Pension

If you are affected, the [benefit cap might not start for 9 months](#) - depending on your earnings.

What can we do?

For those of us working with families who live in or need to move into privately rented accommodation, we can:

- Work with them to achieve one or more of the exemptions listed above
- Encourage, enable and support adults in these households who receive universal credit to secure enough paid work to achieve the earnings noted above above if they don't have other exemptions.
- When and if necessary, negotiate with private landlords, many of whom are likely to increase their rents to or above the new LHA rates.
- Once the new benefits rates are in place, use a benefits calculator, such as the one available on Bristol City Council's website ([Benefit calculator \(entitledto.co.uk\)](#)) to check a

household's benefits status.

- When there are complex or confusing welfare benefits situations, refer to an advice agency which has welfare benefits specialisms. These can be found at: [Get help \(acfa.org.uk\)](http://acfa.org.uk) and include WRAMAS ([Welfare Rights and Money Advice Service \(bristol.gov.uk\)](http://bristol.gov.uk)).

Mental Health Support Team

Mental Health Support Team

Are you aged 5 - 18 or are a parent of a child this age?

Are you, or is your child struggling with mental health difficulties (e.g. stress, mild anxiety or low mood) and would like some help?

We are a new NHS initiative working in full partnership with OTR (Off the Record) and the Child and Adolescent Mental Health Service (CAMHS).

We offer individual therapeutic support and whole school activities, or approaches.

We are based in some schools in Bristol, North Somerset and South Gloucestershire, with an aim to have 50% coverage by 2024.

HOW CAN YOU ACCESS US?

1. Check we're in your school by following this link or scanning the QR Code: www.otrbristol.org.uk/what-we-do/mhst/
2. Speak to a trusted member of staff in your school and ask about us
3. With your consent they will talk to us, and if it sounds like we can help they will refer you to us

Schools are selected by a 'needs led' process by Public Health. If you want to know more about this we have a briefing document with more details that we can send you.

About LPW

LPW is a Community Interest Company that provides **all-year-round support** designed to build children and young people's **resilience**, improve school attendance, support **progress** and **attainment**. We help children and young people to develop **positive relationships** in their community at home and with their education.

Through **relentless care** and attention, our personalised interventions model secure attachment and attachment theory. Our **tailored support** is either **1:1, group-based or a combination of both**. Our core aim is to reconnect children and young people, putting the **right support** in place at the earliest possible opportunity to help them **overcome barriers** to engagement.

Each of our programmes are delivered by our **specialist team** of school teaching staff and Engagement Workers who are experienced practitioners in working with **childhood trauma** and with children and young people that have multiple **Adverse Childhood Experiences**. We work in education settings (mainstream and Alternative Learning Provision), in the community or a combination of both. We also work with children and young people's **families/carers** to ensure they understand the role they play in supporting children or young people referred to us.

Our **Engage and Explore Programmes** of support encompass **mentoring, play work, youth work, alternative education and part-time ALP**, offering a clear, graduate response to individual children and young people's needs. They are available across Key Stages 1-5 as part of our **drive to reduce exclusion**.

What We Offer

Engage Programmes

Our **mentoring** can be community or classroom based. It is highly personalised and co-constructed with the referring school or professional agency.

Bespoke 1:1 or group-based support available as term-time only through to all-year-round provision.

Suitable for: Early intervention and ongoing support for children and young people to help **overcome barriers** that might otherwise hinder their ability to **successfully engage** in mainstream education, community settings or home environments.

Both our Education Recovery Programme and Recovery Plus+ embed a **combined approach** that works with children and young people to fulfil their educational needs. We **break down barriers** to learning and build in **vocational provision**. This ensures that children and young people can access a broad and balanced curriculum offer, and that mainstream schools can **successfully re-engage** their most vulnerable students.

Education Recovery

Suitable for: Children or young people where concerns exist about their suitability for a full-time, school based timetable.

Education Recovery Plus+

Suitable for: Children or young people that have previously received significant additional support, possibly including our Recovery Programme, without having a significant impact on their engagement with education.

Explore Programmes

We recognise that the traditional classroom-based curriculum does not work for all children and young people. Our **Explore** programme re-engages children and young people through a broad range of **active and engaging experiences**, and creates the opportunity to **Explore** the city in which they live.

Our highly skilled team of **trauma informed practitioners** work alongside education providers to inspire and **re-engage** young people at risk of exclusion. We focus on helping children and young people to develop their **self-esteem** and a true sense of their own identity by encouraging them to take risks in a safe manner, supported by **trusted adults**.

By combining **invigorating activities** and our years of experience as skilled **mentors** we are able to successfully adopt an approach that **empowers** children and young people, and develops **positive mental health**. Typical activities include mountain biking, kayaking, rock climbing, forest school and urban tracking. Being in nature and participating in high adrenaline activities have been scientifically proven to boost positive mental health, **reduce anxiety** and **increase self-confidence**, all of which are major contributing factors in school and reduce social exclusion.

Options can include:

- ★ One to one or group sessions (1:3 staff ratios);
- ★ Half and full day sessions to suit need;
- ★ Transport and food included;
- ★ Targeted sessions working towards individual targets.

Inspire: Training, development and workshops

We are passionate about ensuring all children and young people receive **high quality support** that is appropriate to their needs, relevant to their situation and that is available at the **earliest possible point**.

Our staff and team hold specialist skills, experience, knowledge and intelligence that help to **improve the quality** of support children and young people receive, including the ability to make better informed decisions themselves. Whether it's formal **training** for professionals, **assemblies** for children and young people, or **team building** days we provide **bespoke opportunities** to **inspire** professionals, children and young people.

East Bristol Junior youth Empowerment Programme

EAST BRISTOL
JUNIOR YOUTH SPIRITUAL
EMPOWERMENT PROGRAM

5:30pm on
Thursdays
@ Meadow Vale
Community Centre

42 Meadow Vale,
Speedwell, Bristol BS5 7RF

eastbristoljunior youth@gmail.com

The Programme is offered for young people aged 11 to 14 and its purpose is to instil in them a sense of moral purpose, which helps channel their capacity for justice and altruism into meaningful contributions to their community

ABOUT THE PROGRAMME

The Junior Youth Spiritual Empowerment Programme is for young people aged 11 to 14 as this period of life is a time of rapid development of spiritual, intellectual, and physical capacities.

Junior youth groups are guided by two trained and experienced facilitators known as **animators**, who also act as role models. Groups meet on a regular basis, giving participants a sense of belonging within the community and fostering an environment of mutual support.

What happens in the sessions?

Strong bonds of friendship built around service projects for community, games, arts/music, drama, sports, and regular exploration of spiritual concepts by means of the study of stories and service projects.

With the help of their animator, the junior youth are empowered to become agents of positive social change by developing:

- The ability to **critically analyse** positive and negative social forces that exert an influence on their lives, including social media
- The ability to **understand and practice** spiritual qualities such as love, honesty and humility
- The ability to **express** themselves with confidence and clarity
- **A strong moral framework** upon which to base their decisions and actions
- **An attitude of service** expressed in action within their communities

Both animators are DBS cleared and the programme is offered by the Bahá'í Community of Bristol. There is a training pathway for older youth to become animators and give back to community; this is free. Please email us if you have older youth in mind who could become role models for junior youth in the community.

The Prince's Trust- April- September 2024

Explore (16-25)

Explore is a personal development programme which offers young people a range of exciting group activities and one-to-one support to help them build confidence, get motivated, meet new people, and identify and work towards personal goals.

The programme commences with a 4-day access week of outdoor based activities to help build and stretch the participant's comfort zones. This also gives them the opportunity gain experience in and develop transferable teamworking skills.

The remaining 4 weeks of the programme will consist of follow-on days where the participants will take part in a variety of activity sessions that focus on developing independent living skills, recreation or community activities, employability support, as well as continuing to gain experience working in a team environment. Examples of activities can include cooking classes, conservation/nature days, well-being sessions, digital upskilling, art/creative workshops and many more culminating in a celebration/next steps event to recognise the development the participants will have made and explore further opportunities post course. Each participant will be supported to complete an accredited Personal Development & Employability Qualification throughout the course.
